

MARION SCHOOL DISTRICT 60-3	NEPN Code: EEAD
SUPPORT SERVICES	

SPECIAL USE OF SCHOOL BUSES

Although the regular transportation of students to and from school will always be given first priority, school buses may also be used to take students to and from school-sponsored activities.

Driving regulations, safety rules, and insurance coverage will be the same for special uses as for regular student transportation to and from school. Regular bus drivers will, whenever possible, be given priority in assignments.

Students transported to extra-curricular activities, field trips, and/or fan bus activities need appropriate supervision with regards to student status at events, games, and activities. Supervision may include an in-charge person such as a bus driver, parents, or Marion School staff who will be responsible for the well-being of district students. Number of students being transported, and the nature of the activity, will dictate the number of adult supervisors riding on the bus.

The transportation supervisor will work with the appropriate school administrators to establish regulations governing transportation for special district programs.
