SCHOOL/COMMUNITY RELATIONS	

PUBLIC INFORMATION/SCHOOL COMMUNICATIONS

PARENT PORTAL USER POLICY

The Marion School District is committed to providing effective opportunities to enhance school-home communication. Educational research cites parental involvement as one of the most important components contributing to student success. Schools need parents to share in the responsibility and accountability for the outcome of their children's education.

In an effort to facilitate this communication, the Marion School District will make the Parent Portal component of the Infinite Campus Student Management Software accessible to parents/guardians of students attending the Marion School District. The Parent Portal allows parents/guardians to monitor the attendance, assignments, and grades of their children. Parents/Guardians electing to take advantage of the Parent Portal will be expected to follow the guidelines outlined in the Marion School Board Guidelines KDA-R. Any parent, who, by court order, has been deprived of visitation rights or of access to school records, shall not be permitted computer access to the school records.
