

Marion School District Elementary Handbook

2015-2016

Preparing learners today for success in tomorrow's world

Approved September 14, 2015

Introduction

This handbook has been prepared to provide students and parents with basic information relative to the efficient and successful operation of the elementary school.

FOR FURTHER INFORMATION, PLEASE REFER TO THE DISTRICT POLICY HANDBOOK AVAILABLE IN THE ADMINISTRATIVE OFFICE OR ON THE MARION WEBSITE.

The overall goal of the school is to provide the most appropriate and best education possible for all students. The rules and regulations in this handbook are an attempt to provide an atmosphere where the school goals can be attained.

We cannot have a rule for every situation that may arise during a school year, but there are three rules that will cover inappropriate behavior not covered specifically in the student handbook. We will address behaviors, both psychological or physical, that:

1. injures people or property
2. infringes on a teacher's right to teach
3. infringes on the rights of other students to learn

If any situation not specifically covered should arise, the administration will make every effort to act fairly and quickly.

Building Hours

Your child's school day is from 8:05-3:09.

Students should not arrive at school before 7:45 a.m.

Elementary students stay in the old gym after arrival until dismissed to their classroom by the morning supervisor.

Dismissal is at 3:09 p.m. and all students are expected to be out of the building and off the playground by 3:30 p.m., unless other arrangements have been made.

Attendance

Regular attendance in school is vital for school success. The District realizes that there are times that it is necessary for students to be absent. The superintendent or principal may excuse students for specific purposes. However, all absences must be tracked and reported to the state, even excused absences.

Reasons for excused absences are:

- Personal illness
- Professional health appointments that cannot be made outside of the regular school day
- Emergency family situations
- A planned absence for a personal or education purpose, upon parent request and administrative approval.

When student absenteeism becomes excessive or when a student is truant, the school will implement the following procedures.

1. On the fifth (5th) partial or full day absence (whether excused or unexcused) during a school year, a referral will be made to the Principal.
2. The Principal will decide whether to continue to monitor the student's attendance or to make a further referral.
3. On the eighth (8th) partial or full absence (whether excused or unexcused) or the tenth (10th) tardy during a school year, a letter will be sent home to parent(s) or guardian(s) outlining attendance responsibilities and stating probable consequences. If warranted, truancy charges will be filed. The administration may require students to make up time missed due to excused or unexcused absences.
4. In cases of truancy or unexcused absence, parents/legal guardians will be notified and the progressive discipline policy (JK) will be followed. The Principal may recommend retention or summer school.

STEPS TO FOLLOW WHEN ABSENT:

1. The parent/guardian should phone the school and inform the office of a student's absence prior to 8:05 a.m. or prior to the day of a planned absence.
2. A student who was absent shall provide the office with written verification of the absence from their parent/guardian. The note must include the student's name, date of day absent, reason for absence, and signature of the parent/guardian. An Unexcused Absence will be issued if no verification is received from the parent/guardian.
3. School policy allows two (2) days for each day of absence to make up any work missed.

4. Students who have make-up work may be asked to stay after school or stay in from recess to complete assignments.

Attendance at Extra-Curricular Activities

Students must be in attendance at school for at least 1/2 of the day if they are to attend after school activities that night. This includes participants and spectators.
EXCEPTIONS: doctor appointments or funerals.

Grading

The purpose of grading is to communicate student achievement to students, parents, and other institutions. Grades and report cards will accurately reflect the achievement of the outcomes as defined by the state standards, curriculum and/or individual program plan. Grades are determined based on evidence from assessments. These assessments are done through daily work, projects, and tests.

Report cards are created at the end of each quarter. Midterm reports are sent home with students midway through the quarter. Parents are encouraged to attend Parent Teacher Conferences to discuss their child’s performance at school with the classroom teacher. Parents or teachers can request individual conferences at any other time during the year.

Preschool, Junior Kindergarten, and Kindergarten are graded on mastery of skills. Students are given an S, S-, or N for the skills. Explanations of these marks are given on the report cards.

The grading scale used by Grades 3-5 is below on the right. The one for Grades 1 and 2 is on the left.

Homework

The amount of homework a child will have will vary with the grade level and the work habits of the student in school. Efforts will be made to avoid heavy assignments during holidays and when special activities involving the students are taking place.

Promotion & Retention Policy

Students in grades K-2 should achieve a 75% or greater in Language Arts and Math to be promoted to the next grade level. Students in grades 3-6 should achieve 75% or greater in all courses to be promoted to the next grade level. For students that fail to meet this standard, a conference with the parents, principal, counselor, and teacher(s) will be held. The student may attend this conference if all parties agree. If conflicts concerning promotion and retention arise between school personnel and parents and cannot be resolved, the Administration has the authority to make the final recommendation; however, the parent or guardian has the authority to make the final determination. Specific information regarding parental support/lack of support in regards to the retention will be recorded on a form and placed in the student's cumulative record. Students on IEP's will follow what is stated in the IEP for promotion to the next grade.

Request for Transfer of Educational Records

It is not necessary for parents to sign a release when records are being passed to another school district in which a student seeks or intends to enroll. Note Federal Register June 17, 1996. Failure to comply may result in utilization of the school's discipline procedure and possible loss of bus privileges.

PARENT INVOLVEMENT IN TITLE I

The Marion School District is dedicated to providing opportunities for the home and school to work closely together to strengthen the educational process. To ensure that parents of Title I students have the opportunity to share and receive communication regarding their child and the program, and be actively involved in enhancing and supporting learning, the Marion School District will conduct the following activities:

1. The School district will hold an annual public meeting, in the fall of the year, which all parents of eligible students will be invited. The purpose of the meeting is to explain the program and activities, and to receive parent suggestions in the planning, development, and operation of the program. The Title I Coordinator will plan and conduct this annual meeting.
2. The District will appoint a parent advisory committee consisting of Title I staff, administrators, and parents, for the purpose of reviewing policies, practices, and programs and giving feedback to the school.
3. Each Title I school will hold at least one additional meeting each year with parents to provide in-service on curriculum and learning activities. Title I staff members of each building will be responsible for scheduling the meeting and notifying parents of eligible students of the meeting. During this meeting, parents and staff will determine activities and training necessary to meet the parents' needs.
4. The District will provide materials and training to help parents work with their children to improve academic achievement by providing read at home activities, family literacy nights, and suggested websites.
5. The District will provide full opportunities for participation in Title I programs to parents and students with Limited English Proficiency, students with disabilities and migrant families. The District will ensure any information will provided in an understandable format.

6. Child progress reports will be prepared and shared with parents of Title I students at the end of each grading period. In addition, Title I personnel will participate in the District parent/teacher conferences, held in the fall and spring.

7. At the beginning of each school year, parents of Title I students will be notified of their child's participation, and will be provided a copy of this Parent Involvement Policy, and notification of their right to information regarding the qualifications of their child's classroom teachers.

8. Annually, in the spring of the year, parents of Title I students will be asked to complete a questionnaire on parental involvement and the planning, review, and improvements of programs under Title I. Based on the responses from the questionnaire, the Title I Advisory Board will make improvements to the policy or the Title I program as needed.

Acceptable Use Policy Computer, Internet and Electronic Mail

The mission of the Marion Public School is to serve the students by making available print and non-print materials and technological connections that will contribute to formal or self-educational needs, and promote an unrestricted flow of ideas.

The School's computer system provides the opportunity to integrate electronic resources from information networks around the world with the School's resources. The Internet, as an information resource, enables the School to provide information beyond the confines of its own collection.

With access to computers all over the world also comes availability of material that may not be considered to be of educational value in the context of the school setting. The Marion Public School has taken available precautions to restrict access to controversial materials. However, on a global network, it is impossible to control all materials and an industrious user may discover controversial information. We firmly believe that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may obtain material that is not consistent with our educational goals.

Parents concerned about their children's use of the electronic resources are ultimately responsible for setting standards and establishing guidelines. Parents may wish to spend time on-line with their children to discuss the wealth of information available.

Internet access is coordinated through a complex association of government agencies and regional and state networks. The smooth operation of the networks relies upon the proper conduct of the end users who must adhere to responsibilities you are about to acquire. In general, this requires efficient, ethical, and legal utilization of the network resources. If a Marion Public School student violates any of these provisions, his or her access will be terminated and future access could possibly be denied.

Terms and Conditions for Computer Use
